- Carry out all the operations in order to settle the dispute amicably;
- Have the Insured Person's interests defended in court and monitor the implementation of the decision obtained.

Where recourse is had to a lawyer to settle the dispute, attend or represent the Insured Person in court, the latter may:

- Entrust his/her interests to a lawyer of his/her choice ; or
- Instruct the Insurer to appoint a lawyer to defend his/her interests.

Moreover, the Insured Person is free to choose his/her lawyer whenever there is a conflict of interest with the Insurer.

Specific terms of application of the Defence and Appeal coverage

Information of the insurer

You must notify the dispute to the Insurer within 5 days following the event, by specifying the references of his/her policy and the possible existence of other contracts covering the same risk.

This notification must be made to the Insurer in writing, preferably by registered letter, and be accompanied by all the information and documents useful to examining the case file.

You must provide the Insurer with all notices, letters, convocations, bailiff notices, summons, and pleadings that will be sent, given or served to you, as soon as you receive them.

Furthermore, in order to enable the Insurer to give its opinion on the opportunity to transact, or to engage in a legal proceeding, you must do the following or the coverage may be denied:

- Report the dispute to the Insurer before instructing a lawyer of your choice;
- Inform the Insurer, at each new step of the process.

Once the Insurer has received all the information concerning the dispute and all the stages of its settlement, it shall provide its opinion on the advisability of compromise, initiate or continue a judicial proceeding, as a plaintiff or defendant, the cases of disagreement being resolved in the manner provided in paragraph "Settlement of disputes" below.

In the event of misrepresentation on the facts, events or circumstances giving rise to the dispute or, more generally, any element that may be used to settle a dispute, your cover for the dispute may be denied.

Subrogation

The Insurer is subrogated to your rights, according to the provisions set forth in Article L 121-12 of the French Insurance Code, in particular for the recovery of amounts allocated to you by courts in respect to costs and Articles 700 of the new French Code of Civil Procedure, 475-1 of the Code of Criminal Procedure, or L 761-1 of the Code of Administrative Justice, within the limits of the amounts that it has paid directly to you or in your interest.

Regulation in the event of a dispute

In case of dispute between you and the Insurer concerning your rights or the measures to be taken to settle the dispute, such difficulty may be submitted, upon your request, to a conciliator appointed by mutual agreement by the parties or by the president of the Tribunal de Grande Instance (High Court) to decide on the form of summary proceedings. The costs incurred for the implementation of this option are borne by the Insurer unless the President of the Tribunal decides otherwise when you have implemented this option in abusive conditions.

If, contrary to the Insurer or the conciliator's opinion, you initiate litigation proceedings at your expense and obtain a solution that is more favourable than the one proposed by the Insurer or the conciliator, the Insurer shall pay the expenses and fees you incurred for the proceedings, within the limit of the overall ceiling of insurance.

5. TERMS OF APPLICATION OF COVERAGE THIRD-PARTY LIABILITY

REPORTING A CLAIM

You undertake to take all necessary measures to prevent any Damage which may give rise to the policy covers.

You must:

Unenforceability of cover lapses to the aggrieved persons or their claimants

No cover lapse motivated by your failure to meet your obligations, committed after the loss, can be enforced to aggrieved persons or their claimants.

Nevertheless, the Insurer retains the right to take legal action against you in order to obtain the reimbursement of all sums it paid or placed in reserve accounts.

Payment

Compensation can be paid in euros. If the amount of compensation has been determined in a foreign currency, the payment will be made in euros at the official exchange rate on the day of settlement.

The cover applies to Damage occurring Abroad during your trip and only in the countries where you have not taken out another third-party liability insurance.

You must report the claim by registered letter with acknowledgement of receipt to the following address:

**AON FRANCE /
CHAPKA ASSURANCES**
Claims Department

31-35 rue de la Fédération
75717 Paris Cedex 15 - France

Phone: +44 20 3808 7722

The claim report must be accompanied by the following supporting documents:

- The nature, circumstances, date and place of the death that has given rise to the claim;
- The death certificate;
- A copy of the insured Person's birth certificate;
- The certificate of hospitalisation, if applicable;
- The medical certificate with the date of the first medical act, the detailed description of the type of injuries and treatment, as well as the possible consequences;
- Any document that attests to the quality of the Beneficiary (e.g. copy of identity document, civil covenant of solidarity, family record book);

Payment of the Death benefit

The Death benefit will be paid to the Beneficiary by the Insurer within 60 days after reception of all the necessary documents.

The payment will be made in euros.

3. ACCIDENTAL TOTAL OR PARTIAL DISABILITY INSURANCE

PURPOSE OF THE COVERAGE

The purpose of this coverage is the payment of a compensation in the event of your total or partial permanent disability due to an accident occurred during a covered trip.

The minimum disability rate taken into account to give rise to the rights is set at 10% based on the Scale.

To give rise to the payment of compensation, the Bodily injury must be certified within 6 months from the date of the accident.

Amount of the covered "Accidental Permanent Disability" compensation

For Insured persons over 16 and under 70 years of age, the amount of compensation per Insured person is set at a maximum of €20,000.

For Insured persons under 16 and over 70 years of age, the amount of compensation per Insured person is set at a maximum of €8,000.

The amount of compensation is equal to the product of the following terms:

- The disability rate determined based on the Scale, this rate being estimated according to the existing capacity at the date of taking out the insurance policy; and
- The amount of insured benefit.

The Scale is available:

TOTALE LOSS	LEFT	RIGHT
Of an arm, forearm, hand	60%	50%
Of a thumb	20%	15%
Of an index finger	15%	10%
Of another finger	8%	5%
Two fingers other than a thumb and index finger	12%	8%
A thigh	50%	
A knee or sheen	45%	
A big toe	5%	
Another toe	1%	
A foot	40%	
Total and incurable loss of mental capacity, total loss of sight, complete or permanent paralysis, amputation or permanent loss of the two limbs	100%	
Total loss of sight in one eye	25%	
Total and incurable loss of hearing in both ears	40%	
Total and incurable loss of hearing in one ear	15%	

Terms of application of the Scale

The disability rate is determined based on the Scale mentioned above, without taking into account the Insured's occupation.

As soon as the Insured's condition stabilises, he/she must justify his/her total or partial disability by means of any document necessary to enable the Insurer to gain an exact assessment of the Insured's condition and determine the disability rate to be considered.

The disability rate is set in a binding manner and without possible revision as soon as there is stabilisation of the state of health of the Insured Person and within three years of the date of occurrence of the Accident.

In the case of disability not provided for in the Scale, the invalidity rates are fixed by comparing them with the listed cases.

With regard to pre-existing disability:

- For limbs or organs that are already damaged, the disability rate is determined after deducting the previous disability rate;
- When the consequences of an accident are aggravated by poor health, the disability rate is assessed, not on the effective consequences of the accident, but on those that this accident would have had on a person in good health.

If the Insured Person is left-handed, the disability rate provided for in the Scale for various disabilities of the right upper limb and left upper limb will be inverted. In multiple disabilities arising either from the same accident, or from subsequent accidents, each partial disability will be assessed separately, however, without that the sum of partial disability rates of the same limb or the same organ may exceed the rate resulting from its total loss. In any event, the overall sum of partial disabilities is limited to 100%, the overall benefit or last partial benefit in the event of subsequent accidents being calculated accordingly.

REPORTING A CLAIM

The Insured Person or his/her claimants shall report the claim(s) within 30 days of the date of the accident giving rise to the coverage or, if not available, the date on which the accident became known.

Once the deadline has expired, if the Insurer suffers any loss because of your late reporting, you will lose all rights to the coverage, unless the delay is the result of force majeure.

You must report the claim by registered letter with acknowledgement of receipt to the following address:

AON FRANCE / CHAPKA ASSURANCES Claims Department

31-35 rue de la Fédération
75717 Paris Cedex 15 - France

<http://www.chapkadirect.com/sinistre>

Phone: +44 20 3808 7722

The claim report must be accompanied by the following supporting documents:

- The nature, circumstances, date and place of the accident that has given rise to the benefit;
- A copy of the identity document to attest to the quality of the Insured Person; • a copy of the insured Person's birth certificate;
- The certificate of hospitalisation;
- The medical certificate with the date of the first medical act, the detailed description of the type of injuries and treatment, as well as the possible consequences;

- The Insured Person's stabilisation certificate.

The Insurer reserves the right to request any other document it may deem necessary.

Any false declaration regarding the nature, circumstances, causes or consequences of the claim will result in the refusal to provide the Beneficiary cover for that claim.

THE MEDICAL DOCUMENTS MUST BE SENT IN A SEALED ENVELOPE TO THE ATTENTION OF THE INSURER'S MEDICAL ADVISER.

Whenever the Insurer deems it useful, the Insured Person must submit to the examination of a physician delegated by him/her, running the risk, in the case of refusal, of losing the coverage.

THE INSURER'S CONTROL

In all cases, and at any time, the Insurer reserves the right to appoint a medical expert of its choice who will have the task to verify that the Insured Person's health effectively complies with the benefits defined in the policy.

The Insured Person must remain available and accessible to the medical practitioner of the Insurer, and the latter may request any document it deems necessary to verify the health status of the Insured. Otherwise, the Insured Person's rights to coverage will be denied.

It is well understood that the decisions taken by Social Security and the medical certificates necessary to grant the benefits are unenforceable against the Insurer.

PAYMENT OF THE "ACCIDENTAL PERMANENT DISABILITY" COMPENSATION

The Accidental Permanent Disability will be paid to the Insured Person by the Insurer within 60 days after reception of all the necessary documents.

The payment will be made in euros.

At the request of the Insured Person, if the parties have not reached an agreement on the final disability rate or if stabilisation has not occurred after one year from the date of the claim, instalments may be paid to him/her.

COVERAGE LIMIT

The Death benefit amount is not cumulative with compensation for Accidental Permanent Disability.

Compensation paid for accidental permanent disability shall be deducted from that paid for Death benefits if the death is caused by the same accident.

4. MAXIMUM COMMITMENT

If the coverage is granted to several

Beneficiaries, who are the victims of the same accident caused by the same event at the same time, the Insurer's maximum commitment may not exceed €2,500,000 for all compensation payable for Death and Accidental Permanent Disability benefits.

As a result, it is understood that payable compensation will be reduced and paid proportionally.

5. SUBROGATION

After the payment of the benefits in the event of "DEATH" no appeal against the person responsible for the loss will be possible, in accordance with Article L 131-2 of the French Insurance Code.
